**The POINT is a 7 week program that develops through stages teaching you all the skills needed to make a film such as scripting, camera angles, scheduling, budgeting, acting, building locations and more. The aim of making a short five minute film will allow you to work towards something very concrete which you can show or talk about with potential employers or course leaders.**

**You will also gain vital personal skills by;**

- **identifying and breaking the personal barriers to getting back 'on track'**
- **aiming high and explore your potential and set goals**
- **improving listening and speaking skills**
- **improving work ethic, punctuality and professionalism**
- **improving understanding of what employers want**
- **improving team-work skills**
- **discovering your talents and strengths, as well as area's that would benefit from improvement**
- **rekindle hope, drive and ambition**

**Participants will be guided by two experienced facilitators who work professionally in the industry from EGO Performance Company.**

**Two courses 26th February online/ 16th April (online or at Brunswick Centre Leamington TBC)**
